A designer's delight is present in this home. Located off Piney Green in the desirable Highland Forest subdivision awaits this gorgeous 2 story home with a grand entrance foyer, dining room with chair rails, separate den/study, columns greeting you to the entrance of your living room boasting 36' ceilings. Having a tree line in your backyard gives way to the utmost privacy needed as you enjoy the brisk fall nights on your deck, take a couple of swims in your above ground pool or just leave your master bedroom door open to enjoy the fresh air. The 20x13 master bedroom is on the first floor with a 12x5 master closet and a 18x9 master bath with separate shower and jet tub, separate vanity areas for his and hers as well as private water closet. Upstairs you will find the other two bedrooms which utilize a jack and jill bathroom, and the bonus room can be used as a guest bedroom as it features a full bathroom and walk-in closet as well. To read all the features will not do this home as much justice as visiting the home will do. So take the time out and schedule an appointment to view the home and let's get ready to call this home.
